

9. Clean up day – disappointing turnout but some small jobs completed. Date may have been bad choice & there is a need for better publicity. AGREED to set date for spring at next meeting.	Agenda
10. Trees – advice from James Rowlett (JR) - clerk met tree surgeon & discussed the Douglas Firs on the allotments & the silver birch in the footpath between Main Street & Lindsey Close. JR felt strongly that there was no need to do any work to any of these trees. In particular the Douglas Firs are a key feature of the village, in his mind. He does advise taking off a band of ivy near the base of the firs to allow it to die back slowly. He could then climb the trees for a more thorough inspection. Should also look for fungi. Provided quote for trimming silver birch by 30%. AGREED to leave all trees as they are.	LH
11. Dog control orders – PROPOSAL To designate areas to be Dog Exclusion zones or Dogs on Leads areas. AGREED Allotments & playing field to become “dogs on leads” areas. Playground to be a “dog exclusion” zone. Clerk to find out how this is policed.	LH
