## Woodnewton Parish Council

### Parish Council Report – April 2020

#### **The Parish Council met on 6th April**

The Council met via internet conferencing which enables business to carry on during the current lockdown. The law around Council meetings has been changed to enable this and ensure that Councils can continue as usual. As such it was a quite different experience to our normal meeting in the Village Hall. Residents wishing to 'attend' Public Time to raise any issues they have or anyone wanting to listen to the meetings are welcome to join as always.

#### **COVID-19 Update**

The Clerk updated on changing regulations during these unprecedented times. This covered the change in legislation allowing conference call style meetings during lock down and social distancing restrictions. The Clerk noted they were still awaiting guidance on the postponed Annual Parish Meeting due to have been held April 7th, 2020. There was no requirement to hold an Annual Meeting of the Council as Elections had been postponed until May 2021, however the Annual Meeting could be held at the discretion of all members of the Council.

Cllr Guttridge updated on the Woodnewton Support Group. The volunteer phone line is manned and requests are allocated to the 50 volunteers as they come in. To date there had been about 35 requests mostly for shopping and prescriptions. There had been a further Support Group Letter distributed to mailboxes detailing local services for groceries and food for those self-isolating or not wishing to venture out.

The Children's Play Area remains closed as per official advice with signs placed around the area to inform visitors.

#### **Year End Accounts**

Council agreed the year end income, expenditure, and bank reconciliation. The Council further agreed that these figures were to be used for the upcoming financial audit.

During these challenging times, the Council remains active and is available for you to raise any issues big or small. Please contact the Clerk in the usual way. There is a great deal of good work happening in the village with many volunteers helping friends and neighbours. Although this has increased over recent weeks because of the virus, one of the great things about our village is that this happens all year round.

**The next Parish Council meeting will be on Monday 4th May at 8.00pm**

**Andrew Hansford - Parish Council Chairman**

# St Mary's Church

## Woodnewton Church News

What a strange Easter it was; all the services listed in April's magazine cancelled, no wonderful Easter flowers or the singing of Easter hymns in church, Easter celebrations at home, remembering others who were with us in heart and mind instead of in church.

I know that for many, knowing that our church is locked to us all at the moment is very painful. When the Covid 19 virus began to take hold, the directions from the Church of England were that we should not have services where many gathered together but that we could keep the church open for private prayer. Shortly after that, the "lock-down" began and it was decided that the churches should be locked. It wasn't easy, and it was difficult as I locked the door and put up the closed notice. However, it made sense. We can't be entirely sure whether someone has been in just before us and what they have touched and any location of transmission must be avoided.

I think that the Church of England has been right to ask that everyone, including clergy, stays away from the building (apart from regular security and maintenance checks). People have asked why, but I think it is something about solidarity and sharing the pain. If most people cannot enter the church for prayer and reflection, then that ought to be for everyone; as the Three Musketeers might say – "all for one and one for all". That is also why I made the decision early on not to celebrate Holy Communion until we can do so again together in church. What a joyful day that will be! Until then, we can pray

wherever we are; God is not locked up in the church, just as Jesus was not locked up in the tomb! God is with us wherever we are, and our prayers are as valid at home, in the garden or on our daily walk as they are in church.

To keep in touch, I have been emailing or posting out our Sunday Link with a service for each Sunday that people can use at home as well as prayers and reflections. We even had a Zoom gathering on Easter Day! If you would like to be included in that mailing, either by email or snail mail, please phone me – 01780 782271 or email [jdtailby@aol.com](mailto:jdtailby@aol.com). I am very aware that not everyone is online which is why the post is still important in keeping in touch.

I know that people are looking after each other wonderfully and the support networks have been splendid. If there is anything we as the church can help with, again, please do get in touch. We continue to pray for each other, for the sick, for the fearful and those working at great cost on the "front-line" in so many ways. God stands with us in all things. The message of Easter – hope in the darkness and life in the face of grief has never been more relevant and we hold on to God's love wherever we are. May we all know the love of God in the kindness of friends and strangers, and maybe next month I will be able to send in a list of church services again!

Until then, God bless and keep you and those you love.

**Rev. Jane**

## **SAVE THE DATE - SATURDAY, 3rd OCTOBER - RACE NIGHT**

Due to the success of the 2018 RACE NIGHT, St Mary's Fundraising group will be holding another event this October.

# Support during Lockdown

We have been receiving information from various organisations with information and guidance that are relevant to the current Covid-19 situation. I have attempted to create a digest of that information but as the situation can change from day to day it's always advisable to check on-line. I have, for example, not included any information regarding Covid-19 case numbers nationally or local as this information becomes out of date so quickly.

## Cambridgeshire and Peterborough Clinical Commissioning

### **The NHS is still open for business**

**The sooner we see you, the more we can help you.**

#### **Don't delay seeking medical treatment**

NHS organisations across Cambridgeshire and Peterborough are reminding local residents that they are still open 24 hours a day, seven days a week to provide urgent medical treatment and support healthcare concerns.

The amount of people going to Emergency Departments has significantly reduced compared to last year, and clinicians are concerned that some patients are not seeking the urgent and emergency help they need for important conditions such as strokes, heart attacks, meningitis, sepsis and cancer. Many GPs are also finding that fewer people are contacting them to flag early signs of cancer, which would need urgent investigations to take place, or to report deterioration in their long-term conditions, both physical and mental.

We want to remind the public that the NHS is still open for business and that the sooner we see you, the more we can help you.

The NHS is still open 24/7 to provide urgent medical treatment for everyone – it is important that you don't ignore the signs of a potentially life-threatening condition such as a stroke, heart attack or cancer

Your local GP surgery is still open and there to offer support. You can speak to your GP from the comfort and safety of your own home via the telephone or an online service. If the GP decides you need to be seen in person, you will be offered a face-to-face appointment, in safe environment for you and your GP or Practice Nurse.

If you are not sure where to go for medical support, we would recommend you visit <https://111.nhs.uk/> in the first instance.

#### **Maternity services**

Coronavirus advice and guidance for pregnant and postnatal women is available [HERE](#)

Please be aware of the changes to the visiting policies at all three local hospitals.

For Peterborough City Hospital and Hinchingbrooke Hospital, <https://www.nwangliaft.nhs.uk/about-us/trust-news/updated-visiting/>

For The Rosie Hospital <https://www.cuh.nhs.uk/news/aaa/changes-our-visiting-policy#top>

#### **Every Mind Matters**

Now more than ever, Every Mind Matters.

All over the country we are staying at home to protect the NHS and save lives. We will all be experiencing highs and lows and it is perfectly normal to miss loved ones, get frustrated, feel anxious or stressed. There are things we can all do to look after our mental wellbeing at this time. Every Mind Matters can help get you started with your NHS online plan, showing you simple steps to help deal with stress, boost your mood and feel on top of things.

The NHS Every Mind Matters website provides simple tips and advice for you to look after your mental wellbeing during this time – visit <https://www.nhs.uk/oneyou/every-mind-matters/> to get your free online personal Mind Plan

We're in this together.

## Pharmacies

Just like everyone else, our pharmacists and pharmacy staff are working incredibly hard at the moment and need your support. Please remember the following when visiting a pharmacy:

- Please be patient and observe social distancing (stand 2m apart)
- Please only order what you need
- Please be kind to our staff
- Please help us so that everyone in your community gets the medicines they need, and we can help keep our staff and local community safe.

You can find out the opening hours of your local pharmacy online [HERE](#)

Or copy this short link: <https://bit.ly/wnpharma>

## Communicare News

With the continuing strict Government guidelines on social distancing in an effort to combat the spread of the CoronaVirus, we are not yet in a position to announce any future Group meeting dates. Likewise the Social Group will not be holding their regular coffee mornings until restrictions are lifted and we are all able to return to a more normal way of life.

As a nation we are becoming increasingly indebted to all those working within the NHS and also to many others providing goods and services essential to maintaining our day-to-day existence. We would, however, like to express on behalf of all our patients special gratitude to the doctors and staff at the Wansford practice and pharmacy for their continuing support and care during this very challenging period.

We would also like to record our grateful thanks for two recently received generous donations made in memory of Thomas Dytham of Yarwell and Barbara Headland of Kings Cliffe. As requested by the families, these monies will be used to purchase specific pieces of equipment for the future benefit of patients – discussions with surgery staff to identify relevant items will take place as soon as conditions allow.

Amongst the many facets which contribute towards the relevance and need for patient participation groups, providing both essential and extra beneficial items for patient comfort and well-being is high on our list. As we normally do not get involved in actual fund raising, unless we can identify a specific target, personal donations are a very important source of income – since our PPG was formed over £100,000 has been raised or donated which has allowed our continuing support of both the practice and all its patients. We are most grateful to all those patients who have left legacies and relatives who have kindly given donations to Communicare, often from the collections made at their loved one's funeral service.

Over the past few days and weeks we have seen numerous acts of kindness and examples of the caring community we live in – 'help thy neighbour' has become the norm rather than an infrequent occurrence – long may it continue not just till this terrible virus is beaten but way beyond into the future.

Good wishes to all patients – stay home and keep safe.

**Wendy Spencer**

## Advice for parents during coronavirus

Whilst coronavirus is infectious to children it is rarely serious. If your child is unwell it is likely to be a non-coronavirus illness, rather than coronavirus itself. Whilst it is extremely important to follow Government advice to stay at home during this period, it can be confusing to know what to do when your child is unwell or injured. Remember that NHS 111, GPs and hospitals are still providing the same safe care that they have always done. Here is some advice to help:

 RED	<p><b>If your child has any of the following</b></p> <ul style="list-style-type: none"><li>• Becomes pale, mottled and feels abnormally cold to the touch</li><li>• Has pauses in their breathing (apnoeas), has an irregular breathing pattern or starts grunting</li><li>• Severe difficulty in breathing becoming agitated or unresponsive</li><li>• Is going blue round the lips</li><li>• Has a fit/seizure</li><li>• Becomes extremely distressed (crying inconsolably despite distraction), confused, very lethargic (difficult to wake) or unresponsive</li><li>• Develops a rash that does not disappear with pressure (the 'Glass test')</li><li>• Has testicular pain, especially in teenage boys</li></ul>	<p><b>You need urgent help:</b> <b>Go to the nearest A&amp;E department or phone 999</b></p>
 AMBER	<p><b>If your child has any of the following</b></p> <ul style="list-style-type: none"><li>• Is finding it hard to breathe including drawing in of the muscles below their lower ribs, at their neck or between their ribs (recession) or head bobbing</li><li>• Seems dehydrated (dry mouth, sunken eyes, no tears, drowsy or passing less urine than usual)</li><li>• Is becoming drowsy (excessively sleepy) or irritable (unable to settle them with toys, TV, food or picking up) - especially if they remain drowsy or irritable despite their fever coming down</li><li>• Has extreme shivering or complains of muscle pain</li><li>• Babies under 3 months of age with a temperature above 38°C / 100.4°F</li><li>• Infants 3-6 months of age with a temperature above 39°C / 102.2°F</li><li>• For all infants and children with a fever above 38°C for more than 5 days.</li><li>• Is getting worse or if you are worried</li><li>• Has persistent vomiting and/or persistent severe abdominal pain</li><li>• Has blood in their poo or wee</li><li>• Any limb injury causing reduced movement, persistent pain or head injury causing persistent crying or drowsiness</li></ul>	<p><b>You need to contact a doctor or nurse today.</b> <b>Please ring your GP surgery or call NHS 111</b></p> <p>The NHS is working for you. However, we recognise during the current coronavirus crisis at peak times, access to a health care professional may be delayed.</p> <p>If symptoms persist for 4 hours or more and you have not been able to speak to either a GP or 111, then take your child to the nearest A&amp;E</p>
 GREEN	<p><b>If none of the above features are present</b></p> <ul style="list-style-type: none"><li>• You can continue to provide care at home. Information is also available on NHS Choices</li><li>• Additional advice is available to families for coping with crying of well babies</li><li>• Additional advice is available for children with complex health needs and disabilities.</li></ul>	<p><b>Self-care</b></p> <p>Continue providing your child's care at home. If you are still concerned about your child, call NHS 111</p>

## LRF - Northamptonshire Strategic Coordination Centre

The local resilience forum has released a comprehensive information regarding support available during the crisis. There is too much to include it all but follow this [LINK to see the full version in PDF](#)

	<p>Date: 24/04/2020 Issue 7</p> <p>Community Resilience Update</p>
---	--

### Community Resilience Hub

Please make sure you add our email address to your safe senders list

### What is the LRF?

The Local Resilience Forum is made up from key organisations across Northamptonshire such as emergency services, health and local authorities who put in place plans under the Civil Contingencies Act 2004. These organisations are now operating within the strategic coordinating centre to respond to this pandemic. As part of this response, you as volunteers are our key links providing the vital support needed by our communities.

### Support Line

We continue to receive calls from members of the public who need help, so please promote the number where you can to anyone who needs assistance and help to support Northamptonshire's vulnerable residents. As a reminder, the dedicated support line is:

Figure 1 Telephone helpline

**0300 126 1000 (option 5)**

### Reaching Out to the Vulnerable

The Community Resilience Hub has significantly expanded its outreach team, who are calling everyone in the county who appears on the government's shielded list of the most vulnerable, to make sure they are okay and aware of the help they can get.

## WOODNEWTON NEWS

This month we decided not to deliver a paper copy to residents to minimise risk to residents and also to the delivery team. As usual this issue is hosted on the Woodnewton Hub website: <http://woodnewtonhub.co.uk/village-newsletter/> and we have publicised its availability via Facebook and the Woodnewton Support Group.

If you know of any neighbours or friends that you believe need to have a paper copy please email [newswoodnewton@gmail.com](mailto:newswoodnewton@gmail.com) with their name and address or call or message me on 07785 292033 and we will get copies printed and delivered.

# Woodnewton Support Group Update

Firstly, a very BIG THANK YOU to all the volunteers who have so quickly and willingly offered their time and help to others in our community. We now have 50 volunteers within our village and many have already been generously helping to collect prescriptions, get shopping and run other tasks for those who are self-isolating or cannot get out. It is at times like this when the strong sense of community that exists within our village really comes to the fore and counts.

## **Local Businesses are rising to the challenge**

As social distancing measures are likely to continue for some time to come, it is important for us all, that our support system is sustainable and effective. To achieve this, alongside running supermarket-shopping errands, we have been working with some local businesses to agree workable weekly ordering and collection processes and schedules. This helps provide the local businesses with certainty to bulk order based on known demand, whilst making life a little more structured and easier for both volunteers and those needing help with their shopping.

We've included with this update, a summary of the local businesses providing pre-order, delivery and/or collection services for groceries, essentials and ready made meals, together with the payment methods they accept and the pre-order and collection days.

## **Don't forget to visit our Facebook page for updates and information**

The information on local businesses and lots of other useful information that our community is posting and sharing can be found on our Woodnewton Support Group Facebook page.

## **Online Shopping**

You may have experienced little or no availability of delivery slots for supermarket online shopping orders. Most supermarkets are now prioritising deliveries for the elderly, disabled and medically vulnerable customers. If you are in one of these categories, please ensure your details are up to date with the supermarket(s) you are registered with so they know to prioritise you.

## **Do you have a medical condition that makes you extremely vulnerable to coronavirus (COVID-19)?**

If you do, you can register with the Government to tell them whether you need support or not. You may have received a letter from the NHS telling you that you are clinically extremely vulnerable, or been contacted by your GP or hospital clinician. If this has not happened, contact our GP or clinician after you register with the service.

It may take time for any support offered through this service to arrive. Wherever possible you should continue to rely on friends, family and the wider support available such as from our Woodnewton Support Group, to help meet your needs.

To register, go to <https://www.gov.uk/coronavirus-extremely-vulnerable>. If you don't have access to the Internet or need help, then please ask someone to do this on your behalf. Email us if you would like one of our volunteers to assist you.

## **Do you have any excess fresh fruit and veg?**

If you do and it is still in good condition, please feel free to leave it on the allotment table in the village, where others who have not been able to get any, can benefit from your produce donations.

## **Don't need your government food parcel for the vulnerable?**

We've recently been contacted by a resident who received the government's food parcel as they are

in the shielding group; however they didn't want to use the box as they felt others would benefit from it more. We've been able to donate it to the food bank who are happy to take any others people don't want so if you hear of anyone wishing to donate one, please let us know and we can get the parcel picked up and dropped off.

## Dog Walking

Also, if you know of anyone who needs their dogs walked, let us know as we have people happy to do this. As time is moving on, some people are finding they just can't exercise them enough so it would be good to let them know there are offers of help

## Want to Volunteer?

Don't forget, if you would like to become a volunteer member of our Support Group or you would like to register as requiring help, please

email us at [woodnewtongroup@gmail.com](mailto:woodnewtongroup@gmail.com) or telephone any one of our four coordinators:

Debra Harper 07971 696661 Claire Hughes 07971149047

Adrian Croot 07936 899250 Di Gutteridge 07817 314245

We are still learning as we go, so if you have any suggestions or ideas as to how we can continue to improve the support we offer, please let us know via the email address above.

## Community Counts - Let's spread nothing but kindness in our community

Local Business Service Information during Covid-19 Self Isolation Measures			
Our volunteers are willing and happy to run errands such as drop off to/collect from Post Offices, post parcels and letters, collect prescriptions and do grocery shopping for those who cannot get out due to self isolation or other reasons. Whilst our volunteers are happy and able to run shopping errands to local supermarkets, we have also provided the list below of local businesses that are providing a range of ordering, collection and delivery systems during the Covid-19 measures, so that where possible we can support our local businesses who are doing their bit to support us.			
Establishment and Offering	Ordering, Collection and Delivery Information	Payment Method(s)	Contact Details

Please mention Woodnewton News when responding to adverts

The Covid-19 outbreak and the prohibition of social gatherings means that the village hall will be closed to the public until further notice. The committee apologises for the inconvenience but hopes you understand this step wasn't taken lightly. Please check the website or Facebook page for updates.
